Advanced prep:

Students will need 2 fabrics, a background fabric and a focus fabric. The fabrics will need to be cut into strips based on what size quilt is being made - the pattern includes 6 different sizes. For example, for a 40" x 40" quilt, the student will cut (6) 4" x wof (width of fabric) strips of background, and (5) 4" x wof strips of focus fabric. You may cut the rest of the squares and triangles, but they are not required in class. **Please consult the pattern to determine the size and number of strips needed for the size quilt you are planning to make.**
