

Big Block Palm Quilt© by Debby Kratovil

Recreate this vintage Palm block in a 10" size without weird templates. This is paper pieced in ONE section in an off-center Log Cabin technique.

Make 8 blocks and learn how to set them on point to create this 42" x 56" quilt.

Pre-cutting of fabric patches before class gives you a head start!

This is a scrappy quilt and each of the eight Palm Blocks varies in color. Note that each block has THREE colors, plus the light background. ALL patches (colors and BG) are cut from 3-1/4" strips.

Fabric Supplies:

- 1-1/2 yards white/cream for block background
- 1/4 yard each of assorted colors (I used solid shot cottons). See cutting info below.
- 3/4 yard print for setting triangles (my light blue print)
- 1/4 yard for inner borders
- 1-1/3 yard border print (for unpieced borders)
- 1/3 yard binding

Pre-cutting before class - note the patch numbers in the diagram above:

Background fabric: Cut 3 to 4 strips 3-1/4" x wof and recut the following (the rest will be cut as we go)

- Patch #4 & #5: 3-1/4" x 6-1/2" (cut a few)
